Doug Pratt is the leading reviewer of DVDs, a contributor to Rolling Stone, and editor and publisher of The DVD-Laserdisc Newsletter. Choice says, "Pratt's writing is amusing, comprehensive and informative." Rolling Stone calls this two-volume set, "the gold standard on all things DVD." The set is unique in giving space to non-feature-film DVDs, the fastest growing area of the market. Not just a reference book, it's also good reading.

Spider-Man's Social Dilemma Taylor & Francis

For decades, Marvel Comics' superhero group the Avengers have captured the imagination of millions, whether in comics, multi-billion dollar grossing films or video games. Similar to the chronology of the Marvel Cinematic Universe, the Avengers video games first started with titles driven by single characters, like Iron Man, the Hulk, Thor and Captain America. Over time, the games grew to include more and more heroes, culminating in playing experiences that featured the Avengers assembled. This is the first-ever book assessing the video games starring "Earth's Mightiest Heroes." Featured games span consoles and platforms, from popular PlayStation and Xbox titles to an arcade game in danger of being lost to time. All video games are covered in depth, with each entry including game background and a detailed review from the author. Some game entries also include behind-the-scenes knowledge from the developers themselves, providing exclusive details on the Marvel video game universe.

The Unofficial Guide to the Disney Cruise Line 2019 Prima Games

Jenny Humphrey has attended some crazy parties at Waverly Academy, but none as hot as the bash at Miller farm, where the barn went up in flames. Literally. So when Dean Marymount announces that someone is going to be expelled, it's every owl for him- and herself. Tensions are rising, rumors are flying, and pretty soon everyone is a suspect. Jenny is worried about her adorable, shaggy-haired new crush, Julian, whose lighter was found at the scene of the crime. Callie is afraid she and Easy will both get kicked out, because they were in the barn-together-when it caught fire. And Tinsley knows she'll take the heat for organizing the wild party in the first place.Luckily she's come up with a way to keep from getting in trouble: by blaming Jenny. Of course. After all, Waverly's girls always fight fire with fire. But watch out, ladies-in a battle like this, someone's bound to get burned.
e-Pedia: Captain America: Civil War M-Y Books Limited

Murray Pomerance's latest book explores an encyclopedic range of films and television shows to demonstrate the difficulty of conveying the experience of viewing cinema through words and the medium of text. From On the Waterfront to Marriage Story, Uncanny Cinema illuminates that words and writing are in perilous waters when applied to cinema, similar to ungestured talk. The book begins with this problem using Julian Jaynes's thoughts on vocality and imagination before delving into three exploratory 'movements' arranged to alternately challenge, inspire, and confound the reader to question if we know what we think we know or even see what we think we see. The viewer is faced with disturbances, ruptures, and surprises that occur during the viewing experience, which Pomerance analyzes to stretch the sense of what we do and do not (or, possibly, cannot) know, particularly as we think, talk, and write about cinema.
