This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

Masonic Mirror Cambridge University Press

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave trade. The Age of Reason saw conflict between Protestantism and Catholicism transformed into one between faith and logic -- a debate that continues in the twenty-first century. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. The Constitutions of the Free-masons Arkose Press

At least nine Forrester individuals immigrated from England, Scotland, or Ireland to the English colonies in the new world in the 1600s and 1700s. The names and particulars about these nine Forrester indivi- duals are listed (v. 1, p. 42-43), and they settled in various places in New York, Pennsylvania, Maryland, Virginia and Georgia. Descen- dants and relatives also lived in Mississippi River states plus Indiana, Kansas, South Dakota, Wyoming, Texas, Arizona, California and elsewhere. Includes ancestry in England, Scotland, Ireland, Flanders to 836 A.D. or earlier. Also includes organization and some officers of the Forrester Genealogical Association, Inc., which became the Clan Forrester Society, Inc., with U.S. headquarters at Stone Mountain, Georgia.

Charter, Constitution and By-laws of the Saint Nicholas Society of the City of New York Community Books Australia

This book is a new edition of David Stevenson's classic account of the origins of Freemasonry, a brotherhood of men bound together by secret initiatives, rituals and modes of identification with ideals of fraternity, equality, toleration and reason. Beginning in Britain, Freemasonry swept across Europe in the mid-eighteenth century in astonishing fashion--yet its origins are still hotly debated today. The prevailing assumption has been that it emerged in England around 1700, but David Stevenson demonstrates that the real origins of modern Freemasonry lie in Scotland around 1600, when the system of lodges was created by stonemasons with rituals and secrets blending medieval mythology with Renaissance and seventeenth-century history. This fascinating work of historical detection will be essential reading for anyone interested in Renaissance and seventeenth-century history, for freemasons themselves, and for those readers captivated by the secret societies at the heart of the bestselling The Da Vinci Code. David Stevenson is Emeritus Professor of Scottish History at the University of St. Andrews. His many previous publications include The Scottish Revolution, 1637-1644; Revolution and Counter-Revolution in Scotland, 1644-1651; and The First Freemasons; Scotland, Early Lodges and their Members. His most recent book is the The Hunt for Rob Roy (2004). Previous edition Hb (1988) 0-521-35326-2 Previous edition Pb (1990) 0-521-39654-9

Masonically Speaking Ian Allan Publishing

According to the prophecy of "the last Pope" takes from St. Malachy's "Prophecy of the Popes, " the Pope who follow Pope Benedict XVI will be the false prophet who leads the world's religious communities into embracing the political leader known as the Antichrist. Learn how the Vaticanian is tied to the Mayan 2012 prophecy; the fourth secret of Fatima; and the Enthronement of Lucifer at the Vatican.

The Masonic Trowel M. Evans

Everyone agrees that Masonic speeches should be fun, entertaining and inspiring. So it seems rather strange that previous books on the subject have had none of these qualities! This book is different, it's not a dry ponderous how to guide, it's a hilarious journey. Because it is such an enjoyable read, you will learn and remember whilst being entertained. By the time you have finished the book you will know everything you need to make a confident and enthralling speech, even at short notice. Written by professional after-dinner speaker Yasha Beresiner, this book offers the best guide to help you prepare for any speech, Masonic or otherwise.

The New Book of Constitutions of the Antient and Honourable Fraternity of Free and Accepted Masons. Containing Their History, Charges, Regulations, &c. ... for the Use of the Lodges. by James Anderson, Legare Street Press

It's a masterpiece...if you're interested in American Masonry and its impact on our country, this book is for you.—Brent Morris, The Scottish Rite Journal

Surf That Wave! World Publications (MA)

In 1995, promising a more active political presence for unions, John Sweeney was elected president of the AFL-CIO. Labor would develop a "new voice," one that could not be ignored or taken for granted by Democratic and Republican politicians. However, by the summer of 2005 opposition to Sweeney's leadership threatened to divide the labor movement. In The Future of Organized Labor in American Politics, Peter L. Francia discusses the effects of Sweeney's controversial tenure as president and assesses labor's influence on American political elections and legislation. Drawing on interviews with union and business leaders, as well as campaign-finance and public-opinion data, Francia argues that Sweeney has employed a more effective and expansive grassroots political operation than his predecessors. He challenges critics who dismiss Sweeney's efforts as a failure but cautions that the decline in union membership presents a serious crisis for the labor movement. When unions emphasize "grassroots" strategies they can effectively compete against the financial power of big business and can make a significant difference in congressional politics. Francia analyzes organized labor's political activities, its coalitions with other interest groups, and its influence on voter turnout, election results, and votes in Congress. He also examines the effects of Sweeney's embrace of progressive causes and labor's increasing willingness to challenge Democrats who vote against labor's interests. For all his successes, Sweeney's tenure has not been without its problems. Labor's presence in American politics is threatened by shrinking membership in unions. Francia suggests that if unions want to remain a viable political force in congressional politics, they must devote more resources to organizing workers.
