SANFORD MCKEE

Parker on the Iroquois Рипол Классик
Contributions by Lawrence Abrams, Dorian L. Alexander, Max Bledstein, Peter Cullen Bryan, Stephen Connor, Matthew J. Costello, Martin Flanagan, Michael Fuchs, Michael Goodrum, Bridget Keown, Kaleb Knoblach, Christina M. Knopf, Martin Lund, Jordan Newton, Stefan Rabitsch, Maryanne Rhett, and Philip Smith History has always been a matter of arranging evidence into a narrative, but the public debate over the meanings we attach to a given history can seem particularly acute in our current age. Like all artistic mediums, comics possess the power to mold history into shapes that serve its prospective audience and creator both. It makes sense, then, that history, no stranger to the creation of hagiographies, particularly in the service of nationalism and other political ideologies, is so easily summoned to the panelled page. Comics, like statues, museums, and other vehicles for historical narrative, make both monsters and heroes of men while fueling combative beliefs in personal versions of United States history. *Drawing the Past, Volume 1: Comics and the Historical Imagination in the United States*, the first book in a two-volume series, provides a map of current approaches to comics and their engagement with historical representation. The first section of the book on history and form explores the existence, shape, and influence of comics as a medium. The second section concerns the question of trauma, understood both as individual traumas that can shape the relationship between the narrator and object, and historical traumas that invite a reassessment of existing social, economic, and cultural assumptions. The final section on mythic histories delves into ways in which comics add to the mythology of the US. Together, both volumes bring together a range of different approaches to diverse material and feature remarkable scholars from all over the world.

Whipped Cream New York Review of Books

Poetry. Art. Literary Nonfiction. Béna's

practice mostly unfolds in performance and sculpture. However, this collection of poems, essays, and film and theater scripts wind around her visual art work. The reader navigates through these various forms, and finds them situated against the different places where Béna wrote them, bearing witness to the inspiration that each locale offers Béna's multi-layered experience. The scope of expression found in Béna's use of language demonstrates how relationships form between an artist's writing and their other practices. In *IT NEEDED TO BE TENDER AND TO BE WHIPPED*, one is exposed to Béna's view on everyday situations, a view filled with wonder and thus perceptive of the mystery in small things. Narrations escape into the irrational and surreal. A love affair is just as wonderful as a stranger eating an apple. Since most texts are intended to be performed or read aloud, the book is accompanied by an audio recording of the works on a USB key. Contributors: Daniel S. Palmer, Michal Novotný, Flora Katz, Linda Mai Green, Heidi Rabben, Marie de Brugerolle, Barbara Sirieix Design: Max Prediger

It Needed to be Tender and to be Whipped Cernunnos

A compelling biography of the Polish painter and writer Józef Czapski that takes readers to Paris in the Roaring Twenties, to the front lines during WWII, and into the late 20th-century art world. Józef Czapski (1896–1993) lived many lives during his ninety-six years. He was a student in Saint Petersburg during the Russian Revolution and a painter in Paris in the roaring twenties. As a Polish reserve officer fighting against the invading Nazis in the opening weeks of the Second World War, he was taken prisoner by the Soviets. For reasons unknown to this day, he was one of the very few excluded from Stalin's sanctioned massacres of Polish officers. He never returned to Poland after the war, but worked tirelessly in Paris to keep alive awareness of the plight of his homeland, overrun by totalitarian powers. Czapski was a towering public figure, but painting gave meaning to his life. Eric Karpeles, also a painter, reveals Czapski's full

complexity, pulling together all the threads of this remarkable life.

The Illustrated Slave Random House Trade Paperbacks

The first full-fledged history not just of the Man of Steel but of the creators, designers, owners, and performers who made him the icon he is today, from the New York Times bestselling author of *Satchel and Bobby Kennedy* "A story as American as Superman himself."—The Washington Post Legions of fans from Boston to Buenos Aires can recite the story of the child born Kal-El, scion of the doomed planet Krypton, who was rocketed to Earth as an infant, raised by humble Kansas farmers, and rechristened Clark Kent. Known to law-abiders and evildoers alike as Superman, he was destined to become the invincible champion of all that is good and just—and a star in every medium from comic books and comic strips to radio, TV, and film. But behind the high-flying legend lies a true-to-life saga every bit as compelling, one that begins not in the far reaches of outer space but in the middle of America's heartland. During the depths of the Great Depression, Jerry Siegel was a shy, awkward teenager in Cleveland. Raised on adventure tales and robbed of his father at a young age, Jerry dreamed of a hero for a boy and a world that desperately needed one. Together with neighborhood chum and kindred spirit Joe Shuster, young Siegel conjured a human-sized god who was everything his creators yearned to be: handsome, stalwart, and brave, able to protect the innocent, punish the wicked, save the day, and win the girl. It was on Superman's muscle-bound back that the comic book and the very idea of the superhero took flight. Tye chronicles the adventures of the men and women who kept Siegel and Shuster's "Man of Tomorrow" aloft and vitally alive through seven decades and counting. Here are the savvy publishers and visionary writers and artists of comics' Golden Age who ushered the red-and-blue-clad titan through changing eras and evolving incarnations; and the actors—including George Reeves and Christopher Reeve—who brought the Man of Steel to life on screen, only to succumb

themselves to all-too-human tragedy in the mortal world. Here too is the poignant and compelling history of Siegel and Shuster's lifelong struggle for the recognition and rewards rightly due to the architects of a genuine cultural phenomenon. From two-fisted crimebuster to über-patriot, social crusader to spiritual savior, Superman—perhaps like no other mythical character before or since—has evolved in a way that offers a Rorschach test of his times and our aspirations. In this deftly realized appreciation, Larry Tye reveals a portrait of America over seventy years through the lens of that otherworldly hero who continues to embody our best selves.

Memoirs of a female vagrant, written by herself. With illustrations [and a preface by S. Greatheed]. ABC-CLIO

Slavery in the history of the United States continues to loom large in American national consciousness, and the role of women in this chapter of the American past is largely under-examined. This encyclopedia focuses on the daily experiences and roles of female slaves in the United States, from colonial times to official abolition provided by the 13th amendment to the Constitution in 1865. The book contains 100 entries written by a range of experts and covering all aspects of daily life. Topics include culture, family, health, labor, resistance, and violence. Arranged alphabetically by entry, this look at history features life histories of lesser-known African American women, including Harriet Robinson Scott, the wife of Dred Scott, as well as more notable figures.

Under the rays of the aurora borealis: in the land of the Lapps and Kvæns [tr. and] ed. by C. Siewers Lulu.com

Benjamin Drew's "North-Side View of Slavery: The Refugee, or the Narratives of Fugitive Slaves in Canada" (1856) is a collection of his interviews with former slaves living in Canada who had escaped from the United States, and an invaluable example of the transnational abolitionist movement's political agenda. These edited oral accounts show how these runaways turned into African Canadians and reconfigured new meanings of Blackness in Canada, set out the foundations of a Black Canadian sense of attachment, and eventually helped to reshape North America by contributing to the birth of the Canadian nation-state.

History of Paterson and Its Environs (the Silk City) University of Michigan Press

This is a book of drawings of women in bikinis with Woody Allen's face. Why? Because it is funny.

Library

This document is from Empire Online, an interactive collection of primary source documents, sourced from leading archives around the world. This project has been developed to encourage undergraduates, postgraduates, academics and researchers to explore colonial history, politics, culture and society. Material in the collection spans five centuries, charting the story of the rise and fall of empires; from the explorations of Columbus, Captain Cook, and others, right through to de-colonisation in the second half of the twentieth century and debates over American Imperialism.

Bulletin Univ. Press of Mississippi

Ryden was recently commissioned to create the set and costume design for a new production of Whipped Cream, put on by the American Ballet Theatre with choreography by Alexei Ratmansky. Whipped Cream is based on Schlagobers, a two-act ballet with libretto and score by Richard Strauss that was first performed at the Vienna State Opera in 1924. Premiered the MET new york, this ballet is already consider as a new classic masterpiece which would continue to be perform year after year. In partneship with Mark ryden and the crew of ABT, this book tells the story of this artistic journey. « A fantastical ballet of candyland delights » LA Times « A Sweetly Disturbing Confection » The New York Times « A Glutton's Fantasia" The Wall Street Journal

"Intellectually deft and lively to read, Skate Life is an important addition to the literature on youth cultures, contemporary masculinity, and the role of media in identity formation." ---Janice A. Radway, Northwestern University, author of Reading the Romance: Women, Patriarchy, and Popular Literature "With her elegant research design and sophisticated array of anthropological and media studies approaches, Emily Chivers Yochim has produced one of the best books about race, gender, and class that I have read in the last ten years. In a moment where celebratory studies of youth, youth subcultures, and their relationship to media abound, this book stands as a brilliantly argued analysis of the limitations of youth subcultures and their

ambiguous relationship to mainstream commercial culture." ---Ellen Seiter, University of Southern California "Yochim has made a valuable contribution to media and cultural studies as well as youth and American studies by conducting this research and by coining the phrase 'corresponding cultures,' which conceptualizes the complex and dynamic processes skateboarders employ to negotiate their identities as part of both mainstream and counter-cultures." --- JoEllen Fisherkeller, New York University

Skate Life examines how young male skateboarders use skate culture media in the production of their identities. Emily Chivers Yochim offers a comprehensive ethnographic analysis of an Ann Arbor, Michigan, skateboarding community, situating it within a larger historical examination of skateboarding's portrayal in mainstream media and a critique of mainstream, niche, and locally produced media texts (such as, for example, Jackass, Viva La Bam, and Dogtown and Z-Boys). The book uses these elements to argue that adolescent boys can both critique dominant norms of masculinity and maintain the power that white heterosexual masculinity offers. Additionally, Yochim uses these analyses to introduce the notion of "corresponding cultures," conceptualizing the ways in which media audiences both argue with and incorporate mediated images into their own ideas about identity. In a strong combination of anthropological and media studies approaches, Skate Life asks important questions of the literature on youth and provides new ways of assessing how young people create their identities. Emily Chivers Yochim is Assistant Professor in the Department of Communication Arts, Allegheny College. Cover design by Brian V. Smith

From the 1787 Wedgwood antislavery medallion featuring the image of an

enchained and pleading black body to Quentin Tarantino's *Django Unchained* (2012) and Steve McQueen's *Twelve Years a Slave* (2013), slavery as a system of torture and bondage has fascinated the optical imagination of the transatlantic world. Scholars have examined various aspects of the visual culture that was slavery, including its painting, sculpture, pamphlet campaigns, and artwork. Yet an important piece of this visual culture has gone unexamined: the popular and frequently reprinted antislavery illustrated books published prior to Harriet Beecher Stowe's *Uncle Tom's Cabin* (1852) that were utilized extensively by the antislavery movement in the first half of the nineteenth century. The *Illustrated Slave* analyzes some of the more innovative works in the archive of antislavery illustrated books published from 1800 to 1852 alongside other visual materials that depict enslavement. Martha J. Cutter argues that some illustrated narratives attempt to shift a viewing reader away from pity and spectatorship into a mode of empathy and interrelationship with the enslaved. She also contends that some illustrated books characterize the enslaved as obtaining a degree of control over narrative and lived experiences, even if these figurations entail a sense that the story of slavery is beyond representation itself. Through exploration of famous works such as *Uncle Tom's Cabin*, as well as unfamiliar ones by Amelia Opie, Henry Bibb, and Henry Box Brown, she delineates a mode of radical empathy that attempts to destroy divisions between the enslaved individual and the free white subject and between the viewer and the viewed.

History of the City of Paterson and the

County of Passaic, New Jersey University of Georgia Press

The third title in a bestselling series, *Basic Drawing Made Amazingly Easy* is a complete drawing book for the beginning artist. Based on a series of lessons that begin with the five basic shapes (circle, oval, square, cylinder, and rectangle) combined with the five basic components of drawing (line, mass, perspective, light, and shading), the book progresses from the simplest forms to more complex inanimate objects and organic animate subjects.

The Mining and Quarry Industry of New York State Library of Alexandria

"A foundational text for anyone hoping to understand transgender politics and culture in the U.S. today." —NPR Named as one of 100 Best Non-Fiction Books of All Time by Ms. Magazine Julia Serano shares her experiences and insights—both pre- and post-transition—to reveal the ways in which fear, suspicion, and dismissiveness toward femininity shape our societal attitudes toward trans women, as well as gender and sexuality as a whole. Serano's well-honed arguments and pioneering advocacy stem from her ability to bridge the gap between the often-disparate biological and social perspectives on gender. In this provocative manifesto, she exposes how deep-rooted the cultural belief is that femininity is frivolous, weak, and passive. In addition to debunking popular misconceptions about being transgender, Serano makes the case that today's feminists and transgender activists must work to embrace and empower femininity—in all of its wondrous forms.
