The Case Of The Reluctant Agent

Libraries Unltd Incorporated
In this emotional and sexy New Adult debut from Brighton Walsh, the only thing more frightening than commitment is hope... Aspiring chef Cade Maxwell is immediately, viscerally attracted to Winter Jacobson. But it's not her mouthwatering curves he's drawn to--it's the strange emptiness in her eyes. When Cade saves her from a drunken customer with grabby

hands, he's shocked at her response... Winter doesn't need Cade's help. After a lifetime of getting by on her own, she's happy to rely on herself. She's exactly seventy-six days away from graduating college, and if she can hold it together that long, she'll finally be able to rise above the crappy hand she was dealt. But now, every time she turns around, Cade is there, ready to push her, smile at her, distract her from her plans. Winter knows she can't afford to open up--especially to a man she's terrified to actually want...

Family Gone Girl

Bonneville Books
Twenty-year-old Ward de'Ath expected this to be a simple job--bring a nobleman's daughter back from the dead for fifteen minutes, let her family say good-bye, and

launch his fledgling career as a necromancer. Goddess knows he can't be a surgeon--the Quayestri already branded him a criminal for trying--so bringing people back from the dead it is. But when Ward wakes the beautiful Celia Carlyle, he gets more than he bargained for. Insistent that she's been murdered, Celia begs Ward to keep her alive and help her find justice. By the time she drags him out her bedroom window and into the sewers, Ward can't bring himself to break his damned physician's Oath and desert her. However, nothing is as it seems--including Celia. One second, she's treating Ward like sewage, the next she's kissing him. And for a nobleman's daughter, she sure has a lot of enemies. If he could just convince his heart to

give up on the infuriating beauty, he might get out of this alive... The Chronicles of a Reluctant Necromancer series is best enjoyed in order. Series Order: Book #1 Ward Against Death Book #2 Ward Against Darkness Book #3 Ward Against Disaster Book #4 Ward Against Destruction *Through The Eyes Of Innocents* Stories Rule Press

Robust, uninhibited, provocative, and even scurrilous criticism of corporate media by the Fifth Estate--composed of private citizens and watchdog and partisan groups of all stripes--is vital to the functioning of the American democratic process. Hayes reviews the historical development of press criticism since the 1880s in each of ten categories: muckrakers, journalism reviews, columnists and authors, television press critics, press councils, advocacy groups, scholars, ombudsmen, bloggers, and satirists. The author provides nine case studies of recent press criticism campaigns that have, though widely vilified as uncivil or marginalized as kooky, contributed significantly to checking the pretensions of corporate

media to an unwholesome monopoly on journalistic truth. *Press Critics Are the Fifth Estate* is the first serious book about the press to treat Jon Stewart and Stephen Colbert as important and effective watchdogs of corporate media. Hayes's other case studies include: Ben Bagdikian vs. media conglomerates bloggers vs. CBS, CNN, and the New York Times Steve Brill and Brill's Content Jeff Cohen and FAIR Reed Irvine and Accuracy in Media Carl Jensen and Project Censored Project for Excellence in Journalism Jay Rosen and Civic Journalism

The Reluctant Parting University of Chicago Press

Over the past half-century, bookselling, like many retail industries, has evolved from an arena dominated by independent bookstores to one in which chain stores have significant market share. And as in other areas of retail, this transformation has often been a less-than-smooth process. This has been especially pronounced in bookselling, argues Laura J. Miller, because more than most other consumer goods, books are the focus of passionate debate. What drives that

debate? And why do so many people believe that bookselling should be immune to questions of profit? In *Reluctant Capitalists*, Miller looks at a century of book retailing, demonstrating that the independent/chain dynamic is not entirely new. It began one hundred years ago when department stores began selling books, continued through the 1960s with the emergence of national chain stores, and exploded with the formation of "superstores" in the 1990s. The advent of the Internet has further spurred tremendous changes in how booksellers approach their business. All of these changes have met resistance from book professionals and readers who believe that the book business should somehow be "above" market forces and instead embrace more noble priorities. Miller uses interviews with bookstore customers and members of the book industry to explain why books evoke such distinct and heated reactions. She reveals why customers have such fierce loyalty to certain bookstores and why they identify so strongly with different

types of books. In the process, she also teases out the meanings of retailing and consumption in American culture at large, underscoring her point that any type of consumer behavior is inevitably political, with consequences for communities as well as commercial institutions.

Union army officer

Cameron Scott is used to being obeyed, but nothing about this journey to Lake Tahoe has gone as expected. He's come to fetch his daughter and nephew, and seek revenge on the people who killed his brother. Instead he finds himself trapped by a blizzard with two children who are terrified of him and

stubborn but beautiful Gwen Harkness, who he worries may be trying to keep the children. When danger descends on the cabin where they're huddled, Cam is hurt trying to protect everyone and now finds Gwen caring for him too. He soon realizes why the kids love her so much and wonders if it might be best for him to move on without them. When she sees his broken heart, Gwen decides to help him win back their affection-- and in the process he might just win her heart as well.

Reluctant Capitalists

Penguin

Humanism and radical behaviorism are two of today's most anxiety-provoking systems of thought. While they have challenged some of society's most comforting notions, each has long been viewed as opposed to the other's practice of psychology. In this adversarial climate of contemporary psychology, Bobby Newman's compelling assessment in *The Reluctant Alliance* effectively tears down many of the ideological walls separating these two powerful schools of thought. He carefully researches the positions of both camps to dispel

the myths that behaviorists are "manipulators" and humanistic psychologists are "armchair philosophers". After examining both systems, Newman outlines their shared philosophical and historical roots and explores such questions as: How should psychotherapy be conducted? How is moral behavior created and maintained? Is behaviorism inherently unethical? What forms of education are most effective at imparting information and improving self-concepts? As Newman points out, "It is my intention to demonstrate that the differences between the two systems are not as great as they are made to seem. More importantly, I will suggest that each system contains flaws that can be corrected by combining elements of the other". After reading *The Reluctant Alliance* humanists will come to appreciate that behaviorism is not destructive determinism, and behaviorists will learn that much of what they hold to be true is a natural outgrowth of humanistic thought.

While liberal internationalists argue that the United States should promote an international system characterized by democratic governments and open markets, Dueck contends, these same internationalists tend to define American interests in broad, expansive, and idealistic terms, without always admitting the necessary costs and risks of such a grand vision. The outcome is often sweeping goals, pursued by disproportionately limited means. Examines patterns of change in American foreign policy by looking at four major turning points: the periods following World War I, World War II, the Cold War, and the 9/11 terrorist attacks. This book shows how American cultural assumptions regarding liberal foreign policy goals have acted to push and pull US policy in competing directions. In "Reluctant Crusaders", Colin Dueck examines patterns of change and continuity in American foreign policy strategy by looking at four major turning points: the periods following World War I, World War II, the Cold War, and the 9/11 terrorist attacks. He shows how American

cultural assumptions regarding liberal foreign policy goals, together with international pressures, have acted to push and pull U.S. policy in competing directions over time. The result is a book that combines an appreciation for the role of both power and culture in international affairs. The centerpiece of Dueck's book is his discussion of America's "grand strategy" - the identification and promotion of national goals overseas in the face of limited resources and potential resistance. One of the common criticisms of the Bush administration's grand strategy is that it has turned its back on a long-standing tradition of liberal internationalism in foreign affairs. But Dueck argues that these criticisms misinterpret America's liberal internationalist tradition. In reality, Bush's grand strategy since 9/11 has been heavily influenced by traditional American foreign policy assumptions. The Reluctant Pornographer Macmillan Reference USA FAMILY GONE GIRL, part one. By Sandy Thomas A school dress code doesn't allow the boys to wear

shorts but the girls can wear skirts. During a heat wave, the boys have a great idea. This is the story of Brendan, who gets a summer job because of this prank. Can he really spend the summer as Brenda? 80 pages, illustrations, IN THE PINK

Autobiografie in de vorm van een reeks essays van

de Canadese filmmaker Bruce LaBruce. LaBruce stelt dat homoseksualiteit een afwijking is, maar dat homoseksuelen er daarom juist prat op moeten gaan in plaats van te zoeken naar acceptatie door de hoofdmoot.

Hampton's Magazine W. Norton & Company Blogging was the last thing Todd Landry expected his psychiatrist to recommend in dealing with his wife's death. But his aversion to therapy demands drastic measures, and Todd soon finds himself writing about his sometimes-humorous struggles with single parenthood, dating, and shattered expectations. With each blog entry, Todd lets his guard down and discovers that perhaps he can find love once again.

Paige in Progress Copyright Office, Library of Congress
"I wish we could live like there's no tomorrow and love like there is." He picked her up from the side of a dirt road. Ankle: Sprained. Mood: Agitated. Interest: Piqued. Oh, the romance of that balmy summer. Floating on the swell at Sandwater Bay. Eating plump white-flesh

nectarines straight from the tree. Singing along to Calvin Harris on the radio. It was a summer fling, nothing more. Until... An off-the-cuff remark from her father tossed them into turmoil. Summer romance over. He met her again a few years later, not by fortune or design, but rather by a twist of fate. Face: Elegantly beautiful. Mood: Indifferent. Interest: Elsewhere. The second chance he never saw coming. He wouldn't drive away this time. Because... One Reluctant Kiss Would Never Be Enough. Welcome to Luka and CeCe's story. Book two in the standalone Reluctant Kiss series. *High/Low Handbook* Prometheus Between 250,000 and 500,000 boy soldiers fought in the U.S. Civil War. Many more children were exposed to the war's ravages in their home towns—in Atlanta, Baton Rouge, Columbia, Fredericksburg, Gettysburg, Harper's Ferry, Richmond, and Vicksburg—and during Sherman's March to the Sea. Based on eyewitness accounts of 120 children, ages four to sixteen,

Reluctant Witnesses tells their story of the war: their experience of the hardships they endured and how they managed to cope. Their voices speak of courage and despair, of horror and heroism, and of the bonds of family and community and the powers of faith that helped them survive. Their diaries, letters, and reminiscences are a testimony to the astonishing resiliency in the face of great adversity and their extraordinary capacity to pick up the pieces of their shattered lives. Like children of contemporary wars, these children from the Union and the Confederacy speak to us across centuries without hate but with the stubborn hope that peace might prevail in the end.
