Don't Believe the Swipe is not your mother's dating guide. It isn't about "landing a man" or learning to "think like a man" or "getting any man to fall in love with you"; it's about falling in love with yourself and then extending that love to every aspect of your life--including your love life. It's about learning to date without surrendering your power. It's about choosing yourself, regardless of whether someone swipes right or swipes left. Funny, fresh, and relevant to today's crazy dating world, this book is sure to become your go-to modern dating guide. New York Times bestselling author Mandy Hale draws on her own hilarious and often jaw-dropping experiences to illustrate what it means to stop believing the swipe and start finding love without losing yourself. There is a way to date with dignity, to refuse to let the swipe rule your life, to stand confident in your worth, and to not settle for less than you deserve. This book is that way. **Find Your Match** Simon and Schuster

A New York Times Book Review Editors' Choice In the vein of Graham Greene and John le Carré, *The Matchmaker* delivers a chilling Cold War spy story set in West Berlin, where an American woman targeted by the Stasi must confront the truth behind her German husband's mysterious disappearance. Berlin, 1989. Protests across East Germany threaten the Iron Curtain and Communism is the ill man of Europe. Anne Simpson, an American who works as a translator at the Joint Operations Refugee Committee, thinks she is in a normal marriage with a charming East German. But then her husband disappears and the CIA and Western German intelligence arrive at her door. Nothing about her marriage is as it seems. She had been targeted by the Matchmaker—a high level East German counterintelligence officer—who runs a network of Stasi agents. These agents are his "Romeos" who marry vulnerable women in West Berlin to provide them with cover as they report back to the Matchmaker. Anne has been married to a spy, and now he has disappeared, and is presumably dead. The CIA are desperate to find the Matchmaker because of his close ties to the KGB. They believe he can establish the truth about a high-ranking Soviet defector. They need Anne because she's the only person who has seen his face - from a photograph that her husband mistakenly left out in his office - and she is the CIA's best chance to identify him before the Matchmaker escapes to Moscow. Time is running out as the Berlin Wall falls and chaos engulfs East Germany. But what if Anne's husband is not dead? And what if Anne has her own motives for finding the Matchmaker to deliver a different type of justice?

Fans of *Sex and the City* and *Bridget Jones's Diary*, and anyone who loves to date vicariously, will fall in love with *Matchbook*. In this irresistible read, America's hippest Matchmaker borrows from her real-life experiences to create an urban love story about searching for "The One." When people learn what Samantha Daniels does for a living, they have to know more: How did she become a Match-maker? How many matches have led to marriage? How does it work? Who's her craziest client? And most of all, how can a Matchmaker be single? Samantha Daniels is unlike any Matchmaker you've ever heard of. Young, ambitious, and, yes, single, she's the founder of Samantha's Table, an introduction service that caters to singles in New York and Los Angeles who are ready to invest seriously in the task of finding The One. After handpicking their matches, Daniels works with her clients as their cheerleader, part-time therapist, dating coach, voice of reason, and closest confidante as she helps them down

the road to happily ever after. Readers learn how Daniels started her Matchmaking business (How much do you charge for finding the love of someone's life? How do you screen out the Undatables?) and get to know the colorful cast of characters whom she fondly refers to as her "Desperados." There's Mr. Cheapskate, Miss Manhunt, and Looks Good from Afar Guy. There's the 39-year-old female corporate exec who wants a husband yesterday; there's the guy who will only date women worthy of Brad Pitt; there's the gazillionaire who offers a \$60,000 bonus if Samantha can find him a supermodel wife; there's the very well endowed woman who's having trouble finding men attracted to her mind; and a host of others. Will Samantha be able to make them a match? And more importantly, will this Matchmaker find herself a match? You would think that meeting hundreds of single men would make dating a snap, but not even a Matchmaker can avoid the pitfalls of single life. Readers are introduced to another lively cast of characters -- the men that Daniels herself dates. Readers meet the many Not for Me Guys and a few Maybe for Me Guys, to see that even a celebrated Matchmaker can be a Desperado herself. Throughout the book, Daniels also offers real dating advice (such as the most common first-date mistakes and tried-and-true conversation topics) and secrets of the trade (why September is the best month for Matchmaking). Like a real-life episode of *The Bachelor*, *Matchbook* is a wild ride through the flirty, unpredictable world of urban dating, with a wise and witty guide at the helm. For those who love romance and anyone looking for love, *Matchbook* is a perfect match.

Many of the most dynamic public companies, from Alibaba to Facebook to Visa, and the most valuable start-ups, such as Airbnb and Uber, are matchmakers that connect one group of customers with another group of customers. Economists call matchmakers multisided platforms because they provide physical or virtual platforms for multiple groups to get together. Dating sites connect people with potential matches, for example, and ride-sharing apps do the same for drivers and riders. Although matchmakers have been around for millennia, they’re becoming more and more popular—and profitable—due to dramatic advances in technology, and a lot of companies that have managed to crack the code of this business model have become today’s power brokers. Don’t let the flashy successes fool you, though. Starting a matchmaker is one of the toughest business challenges, and almost everyone who tries to build one, fails. In *Matchmakers*, David Evans and Richard Schmalensee, two economists who were among the first to analyze multisided platforms and discover their principles, and who’ve consulted for some of the most successful platform businesses in the world, explain how matchmakers work best in practice, why they do

what they do, and how entrepreneurs can improve their chances for success. Whether you're an entrepreneur, an investor, a consumer, or an executive, your future will involve more and more multisided platforms, and Matchmakers—rich with stories from platform winners and losers—is the one book you'll need in order to navigate this appealing but confusing world.
